Aquaculture funding from the Ministry of business, innovation and employment and Callaghan Innovation

Toby Littin

Callaghan Innovation, New Zealand

In this paper the author will present funding opportunities from MBIE and Callaghan Innovation for aquaculture ventures in New Zealand.

Biography

Toby Littin is the National Manager of the Customer Managers at Callaghan Innovation. He has over 15 years experience in Senior Management in high-tech & clean-tech companies spanning Asia & Australia. He has founded and sold three technology ventures in the energy space. He now specialises in venture investment management backed by a passion for commercialization and innovation and is an active angel investor. Immediately prior to Callaghan Innovation he ran a boutique venture capital fund investing in Oil & Gas, Marine, Hi-Tech, IT & Renewable Energy. He has strong governance capability, currently sitting as a Non-Executive Board Member on several technology businesses including software, energy storage and solar power generation.
