Oral Care and Probiotics

November 14-16, 2016 Orlando, USA

Ehab Rashed

Dentist at DentalXP, UAE

The immediate implant placement protocol to achieve optimal esthetic outcome when deal-ing with a fresh extraction site at the interior maxilla

This Protocol will explain and demonstrate how to extract a defective tooth in the interior maxilla, the way to manage the extraction site, when and where to perform immediate implant place-ment and ways to handle the extraction socket by using the right tools and bio-materials in order to maintain the integrity of the soft and hard tissue to achieve a final esthetic outcome.

Biography

EhabRashed, BSc, BDS, MSc, Dipl. Dental Impl., is an Emirati dental surgeon with over 24 years of experience in Dentistry. He obtained his Bachelors in Oral Surgery and Dental Medicine in 1988. He is holding Diploma and Master of Science in Oral Implantology from Freiburg Uni-versity and Munster University, Germany.
