How to retire fromd in 4 years?

This presentation will cover the 10 guiding principles that will allow any dentist to reach work, social and financial happiness over a 4 year period. Whether dentists work after this period is up to them and it totally depends on their interest. These guidelines are not hard to learn and they make complete sense once the dentists know them. This was first presented in the USA 20 years ago by Jamie who continues to mentor dentists all over the world in his areas of expertise. Life is for living and this presentation will show you how to live with revolutionary ideas that you won't find anywhere else.
