Foundation Villa- Ancianos Padre Alberto Hurtado's clinical experience

Paola Tudela Mondaca
University of Chile, Chile

The village of elderly Priest Alberto Hurtado Foundation is a residence of long stopover with a gerontology orientation helping to the healthy aging, the majority of their guest live in an individual dwellings protected system, which permits them to maintain their autonomy. This elderly village also has a clinical area that permits the hospitalization of the persons that require it.

Biography

Paola Tudela Mondaca is a Medical Surgeon at the University of Chile. She is a Member of the Chilean Society of Geriatrics and Director of Geriamedic, pioneering health center in Chile dedicated to geriatric care. She has vast experience in the Public Service, both in primary care, where she served as Director of the Office of Maria Pinto, as in secondary care in the San Juan de Dios Hospital, the Geriatric Salvador and Santiago. She has extensive experience in emergency care delivery in the rescue services help and mobile coronary unit. She has served as Medical Director of the Nursing Home Villa Padre Hurtado, an innovative integrated model in eldercare. She has published several scientific articles on aging and care of the elderly and presented her experience in international medical congresses.
