

# **Brief Interview with Dr. Gabriela Acosta**

## **Journal of Clinical & Experimental Pharmacology**

1. How many years have you been associated with the current research?

I am associated with the current research from 1988.

2. What is the research topic you are working on now?

I am working in neuropharmacology and neuroscience.

3. What are attributes for a quality article?

The quality article must be serious, with scientific rigor and methods available.

4. Do you have any research funding (NIH or other national funding) now?

Yes, I have a research funding of National Scientific and Technologic Research Council (CONICET) and University of Buenos Aires.

5. When did you become an editor of OMICS Journal?

I become an editor of OMICS Journal on 2012.

6. Where can the journal find the maximum scope in terms of niche?

Yes, I can find the journal in the maximum scope.

7. What is your greatest career accomplishment?

Member of National Scientific and Technologic Research Council (CONICET).

8. How does the published scientific content assist the potential researchers?

The assist to researcher's is very good.

9. What is the purpose of serving as an editor?

Help to publish good works, induce the researchers to publish in this Journal.

10. Do you have any patents?

No, I do not.

11. Have you contributed any editorials or papers (any types) to OMICS Journals in the past two years?

Yes, I wrote 4 papers and I revised many papers.

12. Do you plan to contribute any editorials or papers to OMICS Journals in the coming year?

Of course, it is an honor to contribute with an Editorial or write papers.

13. How would you define your experience with OMICS Group?

I define my experience with OMICS Group very good.

14. Your opinion on conducting Editorial Board meetings at related Conferences?

There are very interesting conferences.

15. Would you recommend OMICS to your friends or colleagues?

Yes.

16. How do you differentiate Journal of Clinical & Experimental Pharmacology with other journals in the field?

I differentiate Journal of Clinical & Experimental Pharmacology with other journals because publication is very fast. One problem I can find, it is not appearing in the scopus or pubmed. For us it is necessary to appear in these index.
