

## 2<sup>nd</sup> Global Congress on Polymer Chemistry & Biopolymers-Conference Announcement 2020

**Sandrine Gerber**

We thankfully to all our superb Organizing Committee Members, Keynote Speakers, plenary Speakers, Business Delegates, Young Researchers, Students, Associations, Sponsors, Exhibitors and Media Partners for making [Polymer Chemistry 2019 Conference](#) the best ever! Announcement: "2ndGlobal Congress on Polymer Chemistry & Biopolymers" on November 23-24, 2020 at Madrid, Spain.

The conference was initiated with the Honourable presence of the [Keynote forum](#). The list includes:

1. Tarek Mohamed, Cairo University, Egypt.
2. Sandrine Gerber Lemaire, Ecole Polytechnique Federale de Lausanne, Switzerland.
3. Sophie Monge, Institute Charles Gerhardt Montpellier, France.
4. Qibing Pei, University of California, USA.
5. Sreerag Gopi, Adso naturals Pvt.Ltd, India.
6. Aamer Saeed, Quaid-I-Azam University, Pakistan.
7. Sreeraj Gopi, Aurea Biolabs Pvt Ltd, India.

With the grand success of [Polymer Chemistry 2019](#), Longdom Conferences welcomes you to attend the upcoming Conference on 2nd Global Congress on Polymer Chemistry and Biopolymers in Madrid, Spain on November 23-24, 2020.

The subject of the flow year's social occasion is "[Discover the Advancement in Polymerization & Biopolymers.](#)" Which will give a worldwide stage to display a discussion and brief discourse on [Polymer Chemistry and Biopolymer](#) research. The conference shares the platform with its well organized scientific program to the audience which includes interactive panel discussions, keynote presentation, plenary talks, video presentation, workshop, B2B meeting and poster sessions on the topics Materials Science & Chemistry, Polymer Chemistry, Polymer Science & Engineering, Biopolymer, Bioplastics, and the recent research in the field of Chemistry.

### List of Scientific sessions/ Conference highlights:

- Advanced characterization of polymers
- Structural and Functional Properties of Polymers
- Polymerization Kinetics and Mechanisms
- Application of novel Polymers

- Synthetic Polymers
- Natural Polymers
- Recent advancements in Biopolymers
- Bio plastics and Applications
- Polymer Nanotechnology
- Biocatalysis and Biochemistry of Polymers
- Polymer therapeutics : Bio Medical Concepts
- Polymer tissue engineering
- Emerging Technology of Optics, Fibre and Lasers
- Recent Polymer Science and Engineering
- Polymeric Materials Science and Chemistry
- Solid Waste Management of Polymers
- Plastics engineering
- Oil & Gas
- Recent Market of Industrial Polymers

[Polymer Chemistry 2020](#), a two-day meet, aims to accumulate ardent minds ranging from frontiers to novices to discover, explore and create prospects to gain knowledge in field of polymer chemistry and biopolymers.

### NOW IN SPAIN:

Madrid is the capital of Spain, and it is home to the Spanish Royal family as well as the [Spanish Government](#). It is the largest Spanish city with more than 3 million inhabitants and known as modern [metropolitan city](#) and an economical and it is also as industrial center of Spain with its population of nearly 3,5 million people, is also the [biggest city in Spain](#). Madrid lies on the River Manzanares in the centre of both the country and the Community of Madrid.

GET READY FOR [Polymer Chemistry 2020!](#)
