Submission guidelines and registration prices information for Speakers and Delegates are posted on the Longdom Natural Product website at <https://www.longdom.com/natural-products>

We are happy to announce the International Conference on [Plant Science](#) and [Natural Products](#) scheduled to be held in London, UK on March 19-20, 2020.

The theme for the Natural Products 2020 is “**Modern Exploration Technologies of Plant Science and Natural Products**”.

[Natural Products 2020](#), a two-day meet, aims to accumulate ardent minds ranging from frontiers to novices to discover, explore and create prospects to gain a greener, safer and cleaner tomorrow.

Research in the field of [Plant sciences](#) contribute directly to world's economy and development. The results of this research are associated to many regions like agriculture, forestry, horticulture, and urban planning. The results of these researches are usually part of larger contributions, which are beneficial and important for human beings. Plants were always important subjects from the earliest study of life processes, and they were central to scientific study in the nineteenth and early twentieth centuries.

Our [Natural Products 2020](#) focuses to create a medium to connect eminent personalities from different backgrounds of Plant Science including Biology, Traditional medicine, Herbal medicine, Natural Products, Natural resources, Yoga, Marine biology and so on. This not only helps to spark new research ideologies but also craft a network of high profile and skilled people to protect the future.

The additional tracks for this edition of our Bio technology conference include Ethnopharmacology, Ayurveda & Homeo Medicine, Nursing Research in Traditional Medicine and much more.

The Italy [Natural Products 2020](#) expects to compile 150+ participants mainly from Plant Science Associations, Research Scientists, Bio Technology Industries, Plant Science Researchers, Business Entrepreneurs, Environmental Academia, Biologists, Green Energy Training Institutes, Chemical Engineers, Environmental Engineers, Waste Management Associations, and Chemical Industries.

The scientific contributions towards our London Plant Science conference are welcome in the form of oral, video, poster presentations/workshops and seminars/networking sessions/exhibits. These tracks are designed to reveal and augment the expertise of the attendees.

We truly believe [Natural Products 2020](#) conference to attain greater heights and success.

[Natural Products 2020](#) welcomes all the professionals, professors, students, research and environmental enthusiasts, business delegates to venture into complete Plant Science experience at London, UK on March 19-20, 2020.
