

## Awards Announcement of Frontiers in Advanced Materials and Nanotechnology scheduled to be held on Mar 27-28, 2020 Amsterdam, Netherlands

Prof. Mario Marchetti

### Awards

Longdom proffers our immense pleasure and honor in extending you a warm invitation to attend [Advanced Materials 2020](#). It is focusing on 'Exceeding the Vision in the Field of Advanced Materials and Nanotechnology' to enhance and explore knowledge among Materials Science Departments and to establish corporations and exchanging ideas. Providing the right stage to present stimulating Keynote talks, Plenary sessions, Discussion Panels, B2B Meetings, Poster symposia, Video Presentations, and Workshops.

[Longdom Conferences](#) has showed a drive to congratulate participants with grants to perceive, celebrate and energize accomplishment in its different meetings and occasions. We salute and recognize fulfillment inside an industry that is persistently advancing and re-drawing the limits of best practice. These honors speak to the apex of expert accomplishment for occasion experts. To win an honor you will have been supported by our renowned board of the preeminent business experts which is a certain fire signifier of your impressive qualifications.

**Exceptional Speaker in Advanced Materials 2020:** This honor perceives scholastic and business speakers for their brilliant introduction abilities and for the critical commitment that they make to their callings, their groups and their patients through their training, initiative or research try. Beneficiary of this honor will be picked by the session seat and co-seat. The awardee will be congratulated after the fruition of oral session. Our [Advanced Materials](#) gatherings empower scientists from over the globe to partake as a speaker at these lofty occasions.

**Best Key Note Speaker Advanced Materials 2020:** This honor perceives the striking introductions given throughout the occasion. It additionally perceives the energy and assurance of the speaker to improve the experience of all who they come into contact with. The honor will be given dependent on the effect of introduction on the participants of the occasion. We will likewise be considering the references taken from the references of the keynote speaker. This awardee will be

congratulated by one of the individuals from the sorting out board present during the meeting.

**Best Organizing Committee Member Advanced Materials 2020:** This honor looks to perceive the constant help gave by the Organizing Committee Member of the gathering. Beneficiary of this honor will be chosen by the working board of trustees of the occasion. The honor will be given dependent on the help and collaboration gave by an individual from the sorting out board from the earliest starting point to the effective fulfillment of the gathering.

**Remarkable Masters/ PhD/ PostDoc thesis work introduction in Advanced Materials 2020:** This honor tries to perceive the youthful minds of the present time. Beneficiary of this honor will be chosen by the judge of the Young Researchers Forum. This honor will be given dependent on the introduction aptitudes, effect of research and its applications for the [Advanced Materials and Nanotechnology](#) segment. Members seeking after Masters, PhD or Post-Doctoral examinations are qualified for this honor. The awardee will be congratulated after the consummation of all the oral introductions conveyed under the Young Researchers Forum class.

**Best Poster Award Advanced Materials 2020:** This honor perceives the best blurb introduction given throughout an occasion. Beneficiary of this honor will be chosen by the judge of the notice session. An honor winning notice will be assessed on introduction substance and clearness, imaginativeness of approach, correspondence criteria and logical viewpoints. It will likewise be founded on format, experiences, examination and results portrayal. The awardee will be congratulated after the fulfillment of notice session.

The honors given for our [Advanced Materials meetings](#) perceive the wide scope of duties and commitment of [Advanced Materials](#) experts who advance the best expectations of care over the entire ecological help. Propelled Materials occasions make a gigantic commitment in keeping up and securing the new innovation.

Prof. Mario Marchetti
