

Editorial Note for Journal of Petroleum & Environmental Biotechnology

Sushma Dosi

Osmania University, Hyderabad, India

JOURNAL INFORMATION

Journal of Petroleum & Environmental Biotechnology is the most preferred and highly accessed Journal in the field of petroleum exploration, production and environmental biotechnology. The Journal is indexed in CAS Source Index (CASSI), Index Copernicus and Scholar among many other reputed scientific databases. In fact, Journal of Petroleum & Environmental Biotechnology encourages editorial board members to actively contribute to the scientific world from their research globally. All scientific manuscripts including editorials are subjected to peer review. J Pet Environ Biotechnol follows a double blind peer review process where identity of authors and reviewers is not revealed to each other.

SCOPE OF THE JOURNAL

The objective of J Pet Environ Biotechnol is to publish up-to-date, original research papers and highly related to the scope of the journal. As such, the journal desires to be vital, agreeable and accessible, and at the same time communicable to the reviewers and editorial board members. Each issue of the journal will contain three types of papers. The first would be research paper which provides much information on petroleum and environmental aspects in a specified region. The second being a reviews articles, will provide a critical review on the processed methodology. The third and final type of paper, short communication and opinion piece on an issue relating different

concepts of environmental biotechnology like bio fuels, bio refinery and renewable resources in a specified region.

The editorial team consisting of associate editors, reviewer board members and technical team are involved in the entire article cycle starting from submission to final recommendation and the review system involves two to six subject experts. The entire review process is carefully structured so as to minimize possibility of bias.

INVITATION

Any papers that you wish to submit, either individually or collaboratively, are much appreciated and will share your achievements worldwide irrespective of origin globally to the upcoming research holders in the field of petroleum and environmental biotechnology. I would also like to express my gratitude to all the authors, reviewers, the publisher, the advisory and the editorial board of J Pet Environ Biotechnol, the office bearers for their support in bringing out yet another volume of J Pet Environ Biotechnol and look forward to their unrelenting support to bring out the Volume 11 of J Pet Environ Biotechnol in scheduled time.

Best wishes and thank you in advance for your contribution to the Journal of Journal of Petroleum & Environmental Biotechnology.
