

A Warm Welcome to Participate As Author for Journal of Membrane Science & Technology

Sarena Johns*

Associate Managing Editor

ANNOUNCEMENT

Firstly we would like to extend our warm gratitude to the Editors of this Open Access Journal. Journal of Membrane Science & Technology has collaboration with more than 500 eminent Authors and is successfully publishing quality articles in the field of membrane science.

We are using an Editorial Tracking System for quality in peer review process which is an online manuscript submission, review and tracking systems. Review processing is performed by the editorial board members of the Journal or outside experts; at least two independent reviewers approval followed by editor approval is required for acceptance of any citable manuscript. Authors may submit manuscripts and track their progress through the system, hopefully to publication.

Recently published articles:

1. Treatment of Two Recalcitrant Neonicotinoid Insecticided (Imidacloprid and Thiamethoxam) from the Surface Water

Near Agricultural Lands using Forward Osmosis (FO) and Pressure Retarded Osmosis. (Turkey)

2. The Performance of a Hybrid Integrated Forward Osmosis (FO) and Contact Membrane Distillation (CMD) Processes to Threat the Olive Mill Effluents and Recovery of Some Polyphenols. (UK)
3. Treatment of Shale Oil Produced Water with Zwitterion-modified Forward Osmosis Membrane. (New York)

Kindly ensure to submit your manuscripts for the upcoming issue of our Journal about to release in the end of March, 2021.

All manuscripts can be submitted online via submission site or by an email id.

Issue: 11 | Volume: 3
