

2020 Conference announcement

Giulio Tarro

Conference Series LLC Ltd is conducting “[3rd World Summit on Virology, Vaccines & Emerging Diseases](#)” during October 5-6, 2020 at Vienna, Austria with theme of “New Era of Scientific Insight in the Prevention & Treatment of Viral Diseases”

The Main objective of [Virology Meet 2020](#) is to explore the leading edge of the Virology, Vaccines & Emerging Diseases at Vienna, Austria.

[Virology Meet 2020](#) mainly focuses on the latest innovations and exciting discoveries in all areas of research related to virology, vaccines, and Emerging Infectious diseases

[Virology Meet 2020](#) is an international platform for presenting research about diagnosis, prevention and management and exchanging ideas, knowledge and investigates the advancements in the field of Virology and Emerging diseases for the benefit of both the academic and business.

Vienna is an advanced and a beautiful city with immense tourist attractions.

The confirmation of the exact location of the venue for the conference is a major drawback.

Press Release of Virology Meet 2020:

Conference Series LLC Ltd organizes the [3rd World Summit on Virology, Vaccines & Emerging Diseases \(Virology Meet 2020\)](#) mainly focuses on the latest and exciting innovations in all areas of research related to virology, vaccines, and Emerging Infectious diseases, offering a unique opportunity for Pathologists, [Microbiologists](#), biotechnologists and other [Healthcare Professionals](#) across the globe to meet and perceive new scientific interventions.

[Virology Meet 2020](#) points to many attractive scientific sessions which relates to the field of General Virology, Vaccination, Emerging Infectious Diseases, [Viral Immunology and Pathology](#), Oncolytic Viruses, NeuroVirology, Animal Virology, Clinical Virology, Agriculture Virology and many more. [Virology Meet 2020](#) will be organized with the theme

“[New Era of Scientific Insight in the Prevention & Treatment of Viral Diseases](#)” on October 5-6, 2020 at Vienna, Austria.

The conference mainly focuses on the recent advancements in Virology and its branches, New Generations vaccine adjuvants, Anti-Viral Agents, Diagnostic Immunology, Viral Infections, Cancer Vaccines, Food, Water and Air Borne Diseases, Recombinant Viruses, Case Studies of Various Emerging Diseases, [New Advancements in field of Virology](#). and many more.

The conference attendees & participants will get captivated with exceptional events and the specialists in various field and get a chance to pick up information in regard to the momentum look into.

It gives stage to [Scientists](#), [PhD Scholars](#), researchers seeking after alumni and understudy's representatives from the field of Virology to improve their abilities in each component of Virology Meet 2020.

[Virology Meet 2020](#) will provide an opportunity to young researchers through the initiatives like Young Research Forum, Poster Presentation and Scientific Meetings.

Virology Meet 2020 Highlights:

- General Virology
- Vaccination
- Emerging Infectious Diseases.
- Viral Immunology and Pathology
- Oncolytic Viruses.
- Neuro Virology
- Clinical Virology
- Agriculture and Plant Virology
- New Generation vaccine adjuvants
- Corona Virus
- Viral Infections
- Cancer Vaccines
- Food, Water and Air Borne Diseases
- Recombinant Viruses
- New Advancements in the field of Virology
