

Conference Announcement on World Congress on Artificial Intelligence and Robots

Cong Zhao

We are pleased to welcome you to the "World Congress on Artificial Intelligence and Robots" after the successful completion of the series of [AI Expo 2020](#) Congress. The congress is scheduled to take place in the beautiful city of Tokyo, Japan, on Mar 23-24, 2020. This [AI Expo 2020](#) conference will provide you with an exemplary research experience and huge ideas.

The perspective of the [AI Expo 2020](#) Conference is to set up transplant research to help people understand how technology techniques have advanced and how the field has developed in recent years.

[AI Expo 2020](#) performs visit, high-volume, mechanized errands dependably and without exhaustion as opposed to computerizing manual undertakings. The process of globalization has turned the whole world into a global village where each and every one is interconnected and interdependent mainly due to the Internet of Things. The emergence of the IoT era brought new hope and promised a better future. The interconnection between the IoT and globalization will be the focus of the session.

The main purpose of the conference is to increase awareness about [AI Expo 2020](#). The Robotics certification corporation offers several options for board certification in Robotics Certification. Robotics is an intentional method and ensures that Technologist, Professionals, Industrialists, Researchers, Innovators and students must have proper knowledge and qualification of a specific speciality..

To enhance the field and make people aware of it. The organizing committee decided to hold a conference. [AI Expo 2020](#) is one of the fast growing and developing areas of technology.

People who have missed attending the past conference are most welcome to present your research ideas at the [AI Expo 2020](#) conference. This conference will help you improve networking with eminent people in the field of technology.
