### EDITORIAL NOTE

I am satisfied to make reference to that during the year 2019, all the issues of Journal of Liver are successfully published, volume 8 were distributed online well inside the time and the print issues were likewise brought out and dispatched inside 30 days of distributing the issue on the web. The target of JLR is to distribute state-of-the-art, high-caliber, and unique examination papers close by applicable and smart surveys.

All things considered, the Journal tries to be energetic, drawing in, and available, and simultaneously integrative and testing. Each issue of the diary contains various kinds of scientific papers.

During the year 2019, the Journal has released a good number of articles. And this year also, we are able to release quality articles with tremendous support active Editorial Panel and Reviewers.

The journal aims to market latest data and supply a forum for doctors, researchers, physicians, and attention professionals to seek out most up-to-date advances within the areas of Liver. Journal of Liver accepts analysis articles, reviews, mini reviews, case reports and fast communications covering all aspects of Liver.

Journal of Liver (JLR), a broad-based journal was based on 2 key tenets: To publish the foremost exciting researches with reference

to the topics of Liver. Secondly, to supply a speedy turn-around time doable for reviewing and publication and to propagate the articles freely for analysis, teaching and reference functions.

We'd be truly gratified if you could share your exploration on the following topics:

Cirrhosis, Wilson's disease, Liver function test, Fatty Liver, Jaundice, Liver functions, Hepatic venous pressure gradient (HVPG), Drug hepatitis, Hemangiosarcoma, Liver regeneration, Liver biopsy, Liver transplant, Liver disease diagnosis, Hepatocyte, Liver cancer, Bilirubin, Liver Damage, Alcohol Addiction, Acute liver failure, benign liver tumors, Hemangioma, Focal nodular hyperplasia, Hepatocellular adenoma, Hepatic artery, Portal vein, Hepatitis A, B & C, etc.

I would like take this opportunity to express my heartfelt gratitude for the contributions of Dr. Shizuma Toru, Dr. Trent W. Nichols, Dr. Qiuwei Pan, Dr. Chang-Gue Son, Dr. Jing Xue during the final editing of articles published and the support rendered by the editorial assistant, in bringing out issues of JLR in time. I would also like to thank all the authors, potential reviewers, Executive editor, the publisher, the advisory and the editorial board of JLR, the office bearers and staff for their support in bringing out yet another volume of JLR.
