Biology and Medicine (0974-8369) is an open access monthly journal publishing peer-reviewed articles in all major and minor specializations of cellular and molecular biology. Journal is running successfully since 2009. It is our pleasure to announce that journal has released 12 volumes by the end of 2020 with quality of articles and is successfully running its 13th Volume.

All published articles of this journal are included in the indexing and abstracting coverage of Index Copernicus, Google Scholar, CAS Source Index (CASSI), Open J Gate, Open J Gate, RefSeek, Hamdard University, EBSCO A-Z, SIS, SJIF, ISRA, etc. Studies receiving funding from a funding organization that is included on the list of PMC and Research Funder Policies or authors having NIH grant were submitted to PubMed.

The journal encourages researchers, professors, academicians, doctors, faculties, and students from all over the world to submit their findings or new results related to the journal. All articles will be published and archived through single blind peer review process. Readers can access or download the published articles free of cost. Journal is following peer review and publication under open access creative commons attribution license.

During the year 2020, the Journal has released nearly 40 articles (at an average of 8 articles per issue) of which, articles were published from authors all around the world including original research, review and Short Communication in the volume 12 focusing on critical topics related to Biology and Medicine. During Jan, Longdom Publishing SL has acquired this journal from Omics group and from then on all rights has been taken by the Longdom SL only.

Association with Longdom SL has increased Readership Metrics (By Google Analytics) of Biology and Medicine which can be accessed at Google Analytics Metrics for the Biology and Medicine

We would like to take this opportunity to thank you for the exertion

and skill that you add to reviewing, without which it is difficult to keep up the high standards of peer-reviewed journals.
